

# *Unreached People Groups*

488 people groups 303,334,375 people

**imb/** EAST ASIA

Many East Asian **Unreached People Groups** (<2% evangelical Christians) have never heard the gospel message. They are primarily animists, Muslims, and Tibetan Buddhists. Customs and beliefs vary greatly, but they all worship false spirits or gods. For most, to turn to faith in the one true God would be denying their families and cultures.

UPGs in China represent about 8 percent of the population. Most live in difficult to reach areas. Physical and language barriers keep them largely untouched by the gospel. Many speak only their minority language, for which there are few Christian resources. The lack of resources in their heart language stands as a major barrier to them hearing, understanding, and responding to the good news.

---

**PRAY** for Chinese believers to overcome barriers and take God's Word to those who have yet to hear. Pray for receptive hearts to receive.

**PRAY** people from these unreached groups will go to the cities for school or work and will have the opportunity to hear the good news, will believe and then gladly take it back to their village.

**PRAY** these unreached people will not be left without someone to stand in the gap for them in prayer. Will you be the one to pray for them?
